Outstanding Debt

Outstanding Debt – Meadows MD No. 3

Series 1989A, 1989B and 1989C General Obligation Bonds

- Under the terms of the Regional Facilities Cost Sharing Agreement, the Districts 3, 4, 5 and 6 are liable for a portion of the total general obligation debt incurred by the other related Districts constituting the Project. At December 31, 2022, the total outstanding debt (for District Nos. 1, 2, and 7) was \$70,000,000 plus accrued and compounding interest of \$342,416,014. The ultimate amount payable by the District is not determinable because the amounts to be paid in future years for both principal and interest are determined annually based on revenues and relative changes in assessed valuations among the seven Districts.
- Interest will not accrue after the 40-year term. However, the Project will continue to set the limited mill levy until the bonds and accrued interest are paid in full. Th Project is not entitled to prepay the bonds during the 40-year term. However, the Project may maintain a sinking fund for future principal payments, provided that all accrued and current interest has been paid.
